

Get back in touch with yourself

Far from stress and barely one hour from Brussels, you'll find Clémentine - the spring of your wellbeing. Get toned up, relaxed and re-invigorated by the many water jets and cascades at a steady 32°C. To complement the benefits of the Baths, enter our world of spa treatments. Between tradition and modernism, you will discover the virtues of the naturally sparkling Marie-Henriette mineral water and the expert hands of our physiotherapists. Or be tempted by an invigorating palette of massages and beauty treatments. Offer yourself a day or a break to get back in top form and connect with someone special: you.

Thermes de spa

There's no better way to feel good
